TRAINING THAT GOES WHERE YOU NEED IT

Compact, portable and transportable by van/MPV.

DEVELOP SAFER DRIVING HABITS

- Practise vehicle control and road awareness
- Build hazard recognition and response skills
- Experience varied road, traffic and weather conditions
- Repeat exercises to reinforce good habits

INSTRUCTOR-LED LEARNING

- Monitor sessions and coach in real time
- Manage trainees and training exercises
- Review performance and recorded safety events
- Use After Action Review and session playback

COMPACT. PORTABLE. READY TO RELOCATE.

Bring driver training to training centres, workplaces and road safety programmes. A compact design supports transportation by van/MPV and deployment across locations.

TURN PRACTICE INTO PROGRESS

SIMULASIA INSIGHT™ adds AI-assisted performance analysis, driver risk profiling and reports to help instructors identify improvement areas and plan targeted follow-up training.
